

## Maths Pupil Voice – KS2

**Children from Y3 to Year 6 were asked questions about Maths at Mobberley CE Primary School**

Do you enjoy your maths lessons and what do you enjoy about maths?	I enjoy maths because I like adding and learning my times tables (Y4) I do enjoy maths and I like learning the four times table song, learning about measurements and solving problems (Y3) I enjoy working with my partner in maths because we help each other (Y3) I love Active maths when I can work with my maths partner and do maths outside (Y4)
What items can help you in class?	We have a maths corner where we can use counters/sliders/blocks and dice to help us (Y4) We can look at our maths display (Y5) Our maths wall has examples on to help us (Y6) We have times tables up in class to help us (Y4) I use our maths displays in my classroom to help me (Y4)
What helps you with your times tables?	We learn our times tables in class (Y3) TTRS - Times Tables Rockstars – I am now a Rock Star! (Y4) Homework helps me practise my times tables (Y4) We practise in class and play times table games (Y5) We sing and listen to TTRS songs (Y3)
How does your previous learning help you in your maths work?	I can use it to help me work out harder questions (Y4) I use my times tables with fractions (Y5)
Do you enjoy Active Maths? Why?	I love Active maths – the fresh air helps me to think more easily (Y4) I really enjoy being outside with maths and being active (Y3)
How do you remember maths you have been taught before?	We answer questions at the start of our lessons to help remember what we have learnt before (Y5) We have starter questions to help us remember (Y3)
